under stairs storage, verandah access from living room and one of the bedrooms, plus room on-site to park additional vehicles.

A family-friendly floorplan facilitates good separation of living, and the second bedroom on the upper level with the master would make a fabulous study, nursery or sitting room. The ground level rumpus room can be used for multiple purposes - it is an ideal size for games room and could also suit gym or home office/salon.

The home is very liveable as is', renovations can be done over time by the owner-occupier, and it could be rented out in its current state with ease - circa 1986, it is just a little dated inside, and any improvements you make will enhance value and appeal.

The yard is flat, fully fenced and a great size for children and pets to play safely and securely; you only have a neighbour on one side, and the garden require minimal maintenance, giving you more time to spend at the beach.

Located within close proximity to several local schools, shopping centres, parks, and only 5-6 minutes to the Sunshine Coast University Hospital and health precinct, and less than 10 minutes into Caloundra's CBD with its full suite of amenities this is a desirable location in a popular family-friendly suburb.

Buyers looking for a home to renovate for profit, investors, and large families should act quickly to inspect.
